II PRINCIPLES OF GOOD CORPORATE GOVERNANCE

SHAREHOLDERS' MEETING

Shareholders realize their right to participate in the management of the Issuer at shareholders' meetings. In compliance with legal acts the Issuers shall call the annual shareholders' meeting as minimum once a year. Extraordinary shareholders' meetings shall be called as required.

1. Ensuring shareholders' rights and participation at shareholders' meetings

The Issuers shall ensure equal attitude towards all the shareholders – holders of one category of shares. All shareholders shall have equal rights to participate in the management of the Issuer – to participate at shareholders' meetings and receive information that shareholders need in order to make decisions.

- 1.1. It shall be important to ensure that all the holders of shares of one category have also equal rights, including the right to receive a share of the Issuer's profit as dividends or in another way in proportion to the number of the shares owned by them if such right is stipulated for the shares owned by them.

- Siguldās CMAS applies this principle. According to the Siguldās CMAS Articles of Association, all 421 440 the Company's shares – 99.8% of stock capital are of one category with equal rights of voting on meeting of Company's shareholders, eligible to receive dividends and a liquidation quota in case of liquidation of Company.

1 000 shares – 0.2% of stock capital are personnel's shares which could obtain only members of the Board and these shares are eligible to receive dividends and a liquidation quota.

- 1.2. The Issuer shall prepare a policy for the division of profit. In the preparation of the policy, it is recommended to take into account not only the provision of immediate benefit for the Issuer's shareholders by paying dividends to them but also the expediency of profit reinvesting, which would increase the value of the Issuer in future. It is recommended to discuss the policy of profit division at a shareholders' meeting thus ensuring that as possibly larger a number of shareholders have the possibility to acquaint themselves with it and to express their opinion on it. The Report shall specify where the Issuer's profit distribution policy is made available.

- Siguldās CMAS applied this principle partly. Taking into account that Siguldās CMAS Board and Council didn't receive any propositions from its shareholders about the policy of profit distributions, Siguldās CMAS administration didn't decide about its elaboration. The decision on profit distribution of the previous year is taken exclusively by Siguldās CMAS Shareholders' Meeting. Siguldās CMAS Board's responsibility is to prepare and submit to the Council a profit distribution plan before its approval in the Shareholders' Meeting. This plan can see in the printed the draft resolutions before regular Shareholders' Meeting. According to the decision of the Shareholders' Meeting on 23 April 2010, the profits earned in 2009 were paid in dividends in part and the others were channeled to the development of Siguldās CMAS to increase its competitiveness.

- 1.3. In order to protect the Issuer's shareholders' interest to a sufficient extent, not only the Issuers but also any other persons who in compliance with the procedure stipulated in legislative acts call, announce and organize a shareholders' meeting are asked to comply with all the issues referred to in these Recommendations in relation to calling shareholders' meetings and provision of shareholders with the required information.

- Siguldās CMAS applies this principle. The Shareholders' meetings have been called by the Board of Siguldās CMAS that has ensured their convocation, announcing and organizing accordance with law and Siguldās CMAS Articles of Association.

- 1.4. Shareholders of the Issuers shall be provided with the possibility to receive in due time and regularly all the required information on the relevant Issuer, participate at meetings and vote on agenda issues. The Issuers shall carry out all the possible activities to achieve that as many as possible shareholders participate at meetings; therefore, the time and place of a meeting should not restrict the attendance of a meeting by shareholders. Therefore, it should not be admissible to change the time and place of an announced shareholders' meeting shortly before the meeting, which thus would hinder or even make it impossible for shareholders to attend the meeting.

- Siguldās CMAS applies this principle. Shareholders can regularly to get the important information at the official web site of Stock Exchange and at Siguldās CMAS web site. There haven't any of the mentioned obstacles for participation at the Shareholders' Meeting.

- 1.5. The Issuers shall inform their shareholders on calling a shareholders' meeting by publishing a notice in compliance with the procedure and the time limits set forth in legislative acts. The Issuers are asked to announce the shareholders' meeting as soon as the decision on calling the shareholders' meeting has been taken; in particular, this condition applies to extraordinary shareholders' meetings. The information on calling a shareholders' meeting shall be published also on the Issuer's website on the Internet, where it should be published also at least in one foreign language. It is recommended to use the English language as the said other language so that the website could be used also by foreign investors. When publishing information on calling a shareholders' meeting, also the initiator of calling the meeting shall be specified.

- Siguldās CMAS applies this principle. The regular Shareholders' meeting on 23 April 2010 was called in the accordance with the order and time defined by legislation. Information was published also at Siguldās CMAS web site in Latvian and in English. Its initiator was the Board. There were no extraordinary Shareholders' Meetings in 2010.

- 1.6. The Issuer shall ensure that complete information on the course and time of the meeting, the voting on decisions to be adopted, as well as the agenda and draft decisions on which it is planned to vote at the meeting is available in due time to the shareholders. The Issuers shall also inform the shareholders whom they can address to receive answers to any questions on the arrangements for the shareholders' meeting and the agenda issues and ensure that the required additional information is provided to the shareholders.

- Siguldās CMAS applies this principle. All the mentioned information was given before regular Shareholders' Meeting on 23 April 2010.

- 1.7. The Issuer shall ensure that at least 14 (fourteen) days prior to the meeting the shareholders have the possibility to acquaint themselves with the draft decisions on the issues to be dealt with at the meeting, including those that have been submitted additionally already after the announcement on calling the meeting. The Issuer shall ensure the possibility to read a complete text of draft decisions, especially if they apply to voting on amendments to the Issuer's statutes, election of the Issuer's officials, determination of their remuneration, division of the Issuer's profit and other issues.

- Siguldās CMAS applies this principle. Shareholders had the possibility to see the full text of draft resolutions before the regular Shareholders' Meeting on 23 April 2010 during from 9 April 2010.

- 1.8. In no way may the Issuers restrict the right of shareholders to nominate representatives of the shareholders for council elections. The candidates to the council and candidates to other offices shall be nominated in due time so that the information on the said persons would be

available to the shareholders to the extent as stipulated in Clause 1.9 of this Section as minimum 14 (fourteen) days prior to the shareholders' meeting.

- 1.9. Especially, attention should be paid that the shareholders at least 14 (fourteen) days prior to the shareholders' meeting have the possibility to acquaint themselves with information on council member candidates and audit committee member candidates whose approval is planned at the meeting. When disclosing the said information, also a short personal biography of the candidates shall be published.
- 1.10. The Issuer may not restrict the right of shareholders to consult among them during a shareholders' meeting if it is required in order to adopt a decision or to make clear some issue.

- Siguldas CMAS applies these principles from 1.8. to 1.10 .

- 1.11. To provide shareholders with complete information on the course of the shareholders' meeting, the Issuer shall prepare the regulations on the course of shareholders' meeting, in which the agenda of shareholders' meeting and the procedure for solving any organizational issues connected with the shareholders' meeting (e.g., registration of meeting participants, the procedure for the adoption of decisions on the issues to be dealt with at the meeting, the Issuer's actions in case any of the issues on the agenda is not dealt with, if it is impossible to adopt a decision etc.). The procedures adopted by the Issuer in relation to participation in voting shall be easy to implement.

- Siguldas CMAS doesn't apply this principle. The course of Siguldas CMAS Shareholders' Meeting is regulated by legislation and Siguldas CMAS Articles of Association. The Shareholders' Meeting is organized by the Board, which ensures its work and the course of every meeting is defined separately according to the agenda. The voting procedure is easy to implement because the amount of shareholders whose take part in the Shareholders' Meeting is small.

- 1.12. The Issuer shall ensure that during the shareholders' meeting the shareholders have the possibility to ask questions to the candidates to be elected at the shareholders' meeting and other attending representatives of the Issuer. The Issuer shall have the right to set reasonable restrictions on questions, for example, excluding the possibility that one shareholder uses up the total time provided for asking of questions and setting a time limit of speeches.
- 1.13. When entering the course and contents of discussions on the agenda issues to be dealt with at the shareholders' meeting in the minutes of shareholders' meeting, the chairperson of the meeting shall ensure that, in case any meeting participant requires it, particular debates are reflected in the minutes or that shareholder proposal or questions are appended thereto in written form.

- Siguldas CMAS applies these principles from 1.12. to 1.13 .

2. Participation of members and member candidates of the Issuer's management institutions at shareholders' meetings

Shareholders' meetings shall be attended by the Issuer's board members, auditors, and as possibly many council members.

- 2.1. The attendance of members of the Issuer's management institutions and auditor at shareholders' meetings shall be necessary to ensure information exchange between the Issuer's shareholders and members of management institutions as well as to fulfill the right of shareholders to receive answers from competent persons to the questions submitted. The attendance of the auditor shall not be mandatory at shareholders' meetings at which issues

connected with the finances of the Issuer are not dealt with. By using the right to ask questions shareholders have the possibility to obtain information on the circumstances that might affect the evaluation of the financial report and the financial situation of the Issuer.

- Siguldas CMAS applied this principle partially. The auditor didn't take part at Shareholders' Meeting on 23 April 2010. The Board of Siguldas CMAS explained the financial situation and answered to the shareholders' questions.

- 2.2. Shareholders' meetings shall be attended by the Issuer's official candidates whose election is planned at the meeting. This shall in particular apply to council members. If a council member candidate or auditor candidate is unable to attend the shareholders' meeting due to an important reason, then it shall be admissible that this person does not attend the shareholders' meeting. In this case, all the substantial information on the candidate shall be disclosed before the shareholders' meeting.

- Siguldas CMAS applied this principle partially. The auditor was elected in the regular shareholders' meeting on 23 April 2010. The auditor candidate didn't take part the shareholders' meeting. The information on the candidate was disclosed in the project of decision of regular Shareholders' Meeting by 9 April 2010.

- 2.3. During shareholders' meetings, the participants must have the possibility to obtain information on officials or official candidates who do not attend the meeting and reasons thereof. The reason of non-attendance should be entered in the minutes of shareholders' meeting.

- Siguldas CMAS applies this principle.

BOARD

The board is the Issuer's executive institution, which manages and represents the Issuer in its everyday business, therefore the Issuer shall ensure that it is efficient, able to take decisions, and committed to increase the value of the company, therefore its obligations and responsibilities have to be clearly determined.

- 3.1. The board shall have the obligation to manage the business of the Issuer, which includes also the responsibility for the realization of the objectives and strategies determined by the Issuer and the responsibility for the results achieved. The board shall be responsible for the said to the council and the shareholders' meeting. In fulfillment of its obligations, the board shall adopt decisions guided by interests of all the shareholders and preventing any potential conflict of interests.

- Siguldas CMAS applies this principle. The mentioned obligations and responsibilities are defined in the Regulation of the Board.

- 3.2. The powers of the board shall be stipulated in the Board Regulations or a similar document, which is to be published on the website of the Issuer on the Internet. This document must be also available at the registered office of the Issuer.

- Siguldas CMAS applies this principle. The authorities of the Board are set in its Regulation of the Board, which is prepared within the frameworks of the legislation and Siguldas CMAS Articles of Association. The Regulation of the Board is available in the office of the Company and at the website <http://www.sigmas.lv> in the section for Investors (Ieguldītājiem).

- 3.3. The board shall be responsible also for the compliance with all the binding regulatory acts, risk management, as well as the financial activity of the Issuer.

- 3.6. It shall be preferable that the board submits decisions that determine the objectives and strategies for achievement thereof (participation in other companies, acquisition or alienation of property, opening of representation offices or branches, expansion of business etc) to the Issuer's council for approval.

- Siguldas CMAS applies these principles from 3.3. to 3.6 .

The resolution about the enlargement of the participation in the limited company Animal Breeders Association of Latvia is submitted by the Boards to the Council for approval in 2010. The Board was coordinated with Council other important resolutions to achieve the goals of business.

4. Board composition and requirements for board members

A board composition approved by the Issuer shall be able to ensure sufficiently critical and independent attitude in assessing and taking decisions.

- 4.1. In composing the board, it shall be observed that every board member has appropriate education and work experience. The Issuer shall prepare a summary of the requirements to be set for every board member, which specifies the skills, education, previous work experience and other selection criteria for every board member.

- Siguldas CMAS applies this principle. The Managers of separate Siguldas CMAS units are elected in the Board of the Company, having an appropriate working experience, qualification and education. Each manager has job description, with the provisions concerning candidates required: experience, education and other necessary characteristics.

- 4.2. On the Issuer's website on the Internet, the following information on every Issuer's board member shall be published: name, surname, year of birth, education, office term, position,

description of the last three year's professional experience, number of the Issuer's or its parent companies/subsidiaries shares owned by the member, information on positions in other capital companies.

- 4.3. In order to fulfill their obligations successfully, board members must have access in due time to accurate information on the activity of the Issuer. The board must be capable of providing an objective evaluation on the activity of the Issuer. Board members must have enough time for the performance of their duties.

- Siguldas CMAS applies these principles from 4.2 to 4.3.

- 4.4. It is not recommended to elect one and the same board member for more than four successive terms. The Issuer has to evaluate whether its development will be facilitated in the result of that and whether it will be possible to avoid a situation where greater power is concentrated in hands of one or a number of separate persons due to their long-term work at the Issuer. If, however, such election is admitted, it shall be recommended to consider to change the field of work of the relevant Board member at the Issuer.

19. - Siguldas CMAS applied this principle partly. One board member Valda Mālniece is elected for five successive term therefore she is the competent specialist in the financial management.

5. Identification of interest conflicts in the work of board members

Every board member shall avoid any interest conflicts in his/her work and be maximally independent from any external circumstances and willing to assume responsibility for the decisions taken and comply with the general ethical principles in adopting any decisions connected with the business of the Issuer.

- 5.1. It shall be the obligation of every board member to avoid any, even only supposed, interest conflicts in his/her work. In taking decisions, board members shall be guided by the interests of the Issuer and not use the cooperation offers proposed to the Issuer to obtain personal benefit.
- 5.2. On the occurrence of any interest conflict or even only on its possibility, a board member shall notify other board members without delay. For the purposes of these Recommendations the following shall be regarded as persons who have close relationship with a board member: spouses, a relative, including kinship of second degree or brother-in-law of first degree, or persons with whom the board member has had a common household for at least one year. For the purposes of these recommendations the following shall be regarded as persons who are connected with a board member: legal persons where the board member or a closely related to him/her person is a board or council member, performs the tasks of an auditor or holds another managing office in which he or she could determine or affect the business strategy of the respective legal entity.
- 5.3. Board members should not participate in taking decisions that could cause an interest conflict.

- Siguldas CMAS applies these principles from 5.1. to 5.3 .

COUNCIL

In compliance with legal acts a council is the institution that supervises the Issuer and represents interests of shareholders between meetings in cases stipulated in the law and in the statutes of the Issuer, supervises the work of the board.

6. Obligations and responsibilities of the council

The objective of the Issuer’s council is to act in the interests of all the shareholders, ensuring that the value of the Issuer grows. The Issuer shall clearly determine the obligations of the council and the responsibility of the council members, as well as ensure that individual council members or groups thereof do not have a dominating role in decision making.

- 6.1 The functions of the council shall be set forth in the council regulation or a document equated thereto that regulates the work of the council, and it shall be published on the Issuer’s website on the Internet. This document shall be also available at the Issuer’s office.

- Siguldā CMAS applies this principle. The Regulation of the Council determines the authorities of the Council. It has been developed and approved, based on the Latvia Commercial law and the Articles of Association of the Company. The Regulation of the Council is available in the office of the Company and at the website <http://www.sigmas.lv> in the section for Investors (Ieguldītājiem).

- 6.2 The supervision carried out by the council over the work of the board shall include supervision over the achievement of the objectives set by the Issuer, the corporate strategy and risk management, the process of financial accounting, board’s proposals on the use of the profit of the Issuer, and the business performance of the Issuer in compliance with the requirements of regulatory acts. - Siguldā CMAS applies this principle.

- 6.3 The council and every its member shall be responsible that they have all the information required for them to fulfill their duties, obtaining it from board members and internal auditors or, if necessary, from employees of the Issuer or external consultants. To ensure information exchange, the council chairperson shall contact the Issuer’s board, inter alia the board chairperson, on a regular basis and discuss all the most important issues connected with the Issuer’s business and development strategy, business activities, and risk management.

- Siguldā CMAS applies this principle. Regularly the Chairman of the Council meets the members of the Board, having the discussion about all the most important issues concerning operational activities of the Company.

- 6.4 When determining the functions of the council, it should be stipulated that every council member has the obligation to provide explanations in case the council member is unable to participate in council meetings. It shall be recommended to disclose information on the council members who have not attended more than a half of the council meetings within a year of reporting, providing also the reasons for non-attendance.

- Siguldā CMAS applies this principle partly, because there are no provisions stipulated in the Regulation of the Council to provide explanation in case the Council member is unable to participate.

7. Council composition and requirements for council members

The council structure determined by the Issuer shall be transparent and understandable and ensure sufficiently critical and independent attitude in evaluating and taking decisions.

- 7.1 The Issuer shall require every council member as well as council member candidate who is planned to be elected at a shareholders' meeting that they submit to the Issuer the following information: name, surname, year of birth, education, office term as a council member, description of the last three year's professional experience, number of the Issuer's or its parent companies/subsidiaries shares owned by the member, information on positions in other capital companies. The said information shall be published also on the Issuer's website on the Internet, providing, in addition to the said information, also the term of office for which the council member is elected, its position, including also additional positions and obligations, if any.
- 7.2 When determining the requirements for council members as regards the number of additional positions, attention shall be paid that a council member has enough time to perform his or her duties in order to fulfill their duties successfully and act in the interests of the Issuer to a full extent.
- 7.3 In establishing the Issuer's council, the qualification of council members should be taken into account and assessed on a periodical basis. - 7.4 Every council member in his or her work shall be as possibly independent from any external circumstances and have the will to assume responsibility for the decisions taken and comply with the general ethical principles when taking decisions in relation to the business of the Issuer.
- 7.5 It is impossible to compile a list of all the circumstances that might threaten the independence of council members or that could be used in assessing the conformity of a certain person to the status of an independent council member. Therefore, the Issuer, when assessing the independence of council members, shall be guided by the independence criteria of council members specified in the Annex hereto.

- Siguldas CMAS applies these principles from 7.1. to 7.5 .

- 7.6 It shall be recommended that at least a half of council members are independent according to the independence criteria specified in the Annex hereto. If the number of council members is an odd number, the number of independent council members may be one person less than the number of the council members who do not conform to the independence criteria specified in the Annex hereto.

If a council member does not conform to any of to the independence criteria specified in the Annex hereto but the Issuer does consider the council member in question to be independent, then it shall provide an explanation of its opinion in detail on the tolerances permitted.

- Siguldas CMAS hasn't applied these principles from 7.6.to 7.7 . During the accounting period the Council consisted of five its members, namely: Inīta Bedrīte, Chairman of the Council, Maija Beča, Deputy of the Chairman of the Council, Renia Beķere, Solvita Arcimoviča, Ērika Everte, Members of the Council. Nobody of the Council members during the accounting period isn't independent according of the independence criteria listed in the Appendix III. They all draw a salary of principal work from Siguldas CMAS. Four members of them indirect represent the largest shareholder of Siguldas CMAS which was established by staff of Siguldas CMAS. All members of the Council are experienced in operation concerned with cattle breeding. Two members – Inīta Bedrīte and Renia Beķere have experience in the management of a business.

- 7.8 The conformity of a person to the independence criteria specified in the Annex hereto shall be evaluated already when the council member candidate in question has been nominated for election to the council. The Issuer shall specify in the Report who of the council members are to be considered as independent every year.

- Siguldas CMAS applies this principle.

8. Identification of interest conflicts in the work of council members

Every council member shall avoid any interest conflicts in his/her work and be maximally independent from any external circumstances. Council members shall comply with the general ethical principles in adopting any decisions connected with the business of the Issuer and assume responsibility for the decisions taken.

- 8.1. It shall be the obligation of every council member to avoid any, even only supposed, interest conflicts in his/her work. When taking decisions, board members shall be guided by the interests of the Issuer and not use the cooperation offers proposed to the Issuer to obtain personal benefit.
- 8.2. On the occurrence of any interest conflict or even only on its possibility, a council member shall notify other council members without delay. Council members shall notify on any deal or agreement the Issuer is planning to conclude with a person who has close relationship or is connected with the council member in question, as well as inform on any interest conflicts occurred during the validity period of concluded agreements.

For the purposes of these recommendations the following shall be regarded as persons who have close relationship with a council member: spouses, a relative, including kinship of second degree or brother-in-law of first degree, or persons with whom the council member has had a common household for at least one year. For the purposes of these recommendations the following shall be regarded as persons who are connected with a council member: legal persons where the council member or a closely related to him/her person is a board or council member, performs the tasks of an auditor or holds another managing office in which he or she could determine or affect the business strategy of the respective legal entity.

- 8.3. A council member who is in a possible interest conflict should not participate in taking decisions that might be a cause of an interest conflict.

- Siguldas CMAS applies these principles from 8.1. to 8.3 .

REMUNERATION POLICY

13. General principles, types and criteria for setting remuneration

The policy of the remuneration of board and council members – type, structure and amount of remuneration - is one of the spheres where persons involved has a potentially greater risk to find themselves in an interest conflict situation. To avoid it, the Issuer shall develop a clear remuneration policy, specifying general principles, types and criteria for the remuneration to be awarded to the board or council members.

- 13.1 The Issuers are called on to develop a remuneration policy in which the main principles for setting the remuneration, possible remuneration schemes and other essential related issues are determined. While preparing the remuneration policy Issuer should ensure that the remuneration of management and supervisory board members is proportionate to the remuneration of the Issuer's executive and managing directors and other employees.
- 13.2 Without limiting the role and operations of the Issuer's management bodies responsible for setting remuneration to the board and council members, the drafting of the remuneration policy should be made a responsibility of the Issuer's board, which during the preparation of a draft policy should consult with the Issuer's council. In order to avoid conflicts of interest and to monitor the management board remuneration policy, the Issuer should appoint a responsible person having sufficient experience and knowledge in the field of remuneration for development of the remuneration policy.

- Siguldas CMAS applies these principles partially from 13.1. to 13.2.. Siguldas CMAS is small company with small management structure. It isn't useful to develop special remuneration policy for the Boards and the Council members. The remuneration for Council establishes the Shareholders' meeting and for Boards establish the Council. The remuneration of management and supervisory board members whose are the employees of company too is proportionate to the remuneration of the managers and other employees.

- 13.3 Should the remuneration policy contain a remuneration structure with a variable part in the form of the Issuer's shares or share options or any other payments, including premiums, it should be linked to previously defined short-term and long-term goals and performance criteria. If remuneration depends on fulfillment of short-term goals only, it is not likely to encourage an interest in the company's growth and improved performance in the long-term. The scope and structure of the remuneration should depend on the business performance of the company, share price and other Issuer's events.
- 13.4 While setting the variable part of remuneration, Issuer should set limits on the variable component(s). The non-variable part of remuneration should be sufficient to allow the Issuer to withhold variable part of remuneration when necessary.
- 13.5 Where a variable part of remuneration provides Issuer's shares, share options or any other acquisition rights thereof, it should be desirable to prescribe a minimum non-used period of time.
- 13.6 Remuneration policy should include provisions that permit the Issuer to reclaim variable part of remuneration that were awarded on the basis of data which subsequently proved to be manifestly misstated. Such provision should be included in contracts concluded between the respective executives and the Issuer.
- 13.7 Remuneration schemes that include Issuer's shares as remuneration may theoretically cause loss to the Issuer's existing shareholders because the share price might drop due to a new issue of shares. Therefore, prior to the preparation and approval of this type of remuneration, it shall be required to assess the possible benefits or losses.

- 13.8 When preparing the remuneration policy where a variable part is in the form of the Issuer's shares or share options, the Issuer shall be obliged to disclose information on how the Issuer plans to ensure the amount of shares to be granted in compliance with the approved remuneration schemes– whether it is planned to obtain them by buying on a regulated market or by issuing new shares.
- 13.9 While drafting the remuneration policy and envisaging awarding options entitling to the Issuer's shares, the Stock Exchange rules regarding distribution of share options should be taken into account.

- Siguldas CMAS applies these principles partially from 13.3 to 13.9. Siguldas CMAS has not envisaged share options or shares as a variable part of the remuneration for the remuneration of the members of the Board and the Council. The premium wage 30% of the monthly salary was paid to the members of board as other employees of company according to the annual results of company in the end of 2010.

- 13.10 While setting remuneration principles with regard to board and council members, they should include general approach as to compensations, if any, in cases when contracts with the said officials are terminated (termination payments). Termination payments should not be paid if the termination is due to inadequate performance.
- 13.11 It is recommended to set an adequate maximum amount of the termination payments which should not be higher than two years of the non-variable part of remuneration.

- Siguldas CMAS hasn't implemented these principles from 13.10 to 13.11. The compensations or other remuneration shouldn't include in cases when contracts with members of Board and council are terminated.

14. Remuneration Report

A clear and complete report on the remuneration policy with regard to the management body members of the Issuer should be made available to the shareholders. Public disclosure of the said information would allow the existing and potential shareholders to carry out a comprehensive evaluation of the Issuer's approach the remuneration issues; consequently, the Issuer's responsible body shall draft and made public the Remuneration Report.

- 14.1. The Issuer is obliged to make public the Remuneration Report – a complete report on the remuneration policy applied to the members of the Issuer's management bodies. Remuneration Report may be a separate document, or may integrated in a special chapter of the Report prepared by the Issuer as recommended by Item 9 of the Introduction of the present Recommendations. The Remuneration Report should be posted on the Issuers website.
- 14.2. Remuneration Report should contain at least the following information:

 - 2) The proportion between the fixed and variable part of the remuneration for the respective category of officials, including information with regard to vesting periods of variable part of remuneration;
 - 3) Sufficient information as to linking the remuneration with performance. To consider the information sufficient, the report should contain:

To avoid overlapping of information, the Issuer, while preparing its Remuneration Report, may omit the information required in Items 14.2 1) to 7) above, provided it is a part of the Issuer's Remuneration Policy document. In such case, Remuneration Report should have a reference to the Remuneration Policy, together with an indication where it is made available.
- 14.4. If the Issuer believes that, as a result of following the provisions of Item 14.2 of these Recommendations sensitive business information might become public to the detriment of the Issuer's strategic position, the Issuer may not disclose such information and give the reasons.
- 14.5. The following remuneration and other benefits related information about each board and council member should be disclosed:
- 1) Total amount paid or outstanding (salary) for the year;
 - 2) Remuneration and other benefits received from any company associated with the Issuer. For the understanding of this Item, "associated undertaking" is a company according to the definition in Paragraph 1 of the Law on the Financial Instruments Market;
 - 3) Remuneration paid as profit distribution or bonus, and the reasons for awarding such remuneration;
 - 4) Compensation for fulfillment of duties in addition to the regular job responsibilities;
 - 5) Compensations and any other payments received by or to be received by board or council member who has left the position during the accounting period;
 - 6) Total value of any other benefits apart from those listed under Items 1) to 5) received as remuneration.

- Siguldas CMAS applies these principles partially from 14.1 to 14.5. Siguldas CMAS is small company with small management structure. It isn't useful to develop special remuneration policy for the Boards and the Council members. Therefore the Remuneration Report doesn't draw up and make public. The members of Board and Council based on signed contracts draw the fixed remuneration. The information about the remuneration of members of the Boards and the Council can be found in financial statement attachment.

- 14.6. The following information should be disclosed with regard to the shares and/or share options or any other incentive schemes resulting in ownership of the Issuer's shares:

- 4) Information changes, if any, introduced during the reporting period with regard to the provisions of the contracts on options entitling to the Issuer's shares (such as changes in the option exercising rules, change of expiry date etc.).

14.7. The following information should be disclosed with regard to savings or contributions to pension schemes of private pension funds:

- 1) the amount of contributions made by the Issuer, to the benefit of individuals, to a pension scheme or schemes, and the rules for disbursement of the pension capital;

14.8. Remuneration schemes involving awarding with the Issuer's shares, share options or any other tools resulting in ownership of the Issuer's shares shall be approved by the annual general meeting of shareholders. Shareholders' meeting, while resolving on approval of the remuneration scheme, need not resolve on its application to concrete individuals.

- Siguldās CMAS doesn't apply the principles from 14.6. to 14.8 . Siguldās CMAS hasn't foreseen the shares or shares options as a part of the remuneration for the members of the Board and Council. The savings or contributions to pension schemes of private pension funds aren't made.
